Fluidra, S.A. ("**Fluidra**" or the "**Company**"), pursuant to the provisions of section 227 of the Spanish Securities Markets and Investment Services Act, approved by Law 6/2023, of 17 March, hereby issues the following:

### OTHER RELEVANT INFORMATION

Fluidra has filed a seventh commercial paper program with the Spanish Alternative Fixed Income Market ("**MARF**") called the "Fluidra 2023 Commercial Paper Program", with a maximum outstanding balance of €150,000,000, which will initially be operative until 28 June 2024. The commercial paper issued in the framework of this scheme may be denominated in euros or US dollars.

As in its six previous commercial paper programs approved in 2017, 2018, 2019, 2020, 2021 and 2022, respectively, the Company has appointed Banca March S.A. as its registered MARF advisor and Banco de Sabadell S.A. as paying agent. Both banks will also be collaborating entities, together with PKF Attest Capital Markets S.V., S.A., which has been added as an additional collaborating entity to the program.

The new program was set up with the aim of continuing to drive forward the diversification of the Company's sources of financing, thus maintaining greater flexibility in the financing of the Fluidra Group's working capital.

Through this commercial paper program, the Company will be able to issue commercial paper with any maturity that falls between three (3) working days and seven hundred and thirty-one (731) calendar days from the date of issue, whenever market conditions make this advisable.
