OTHER RELEVANT INFORMATION

Fluidra has filed a ninth commercial paper program with the Spanish Alternative Fixed Income Market ("**MARF**") called the "Fluidra 2025 Commercial Paper Program", with a maximum outstanding balance of €200,000,000, which will initially be operative until 1 July 2026. The commercial paper issued in the framework of this scheme may be denominated in euros or US dollars.

As in its eight previous commercial paper programs approved in 2017, 2018, 2019, 2020, 2021, 2022, 2023 and 2024, respectively, the Company has appointed Banca March S.A. as its registered MARF advisor and Banco de Sabadell S.A. as paying agent. Both banks will also be collaborating entities, together with PKF Attest Capital Markets S.V., S.A.

The new program was set up with the aim of continuing to drive forward the diversification of the Company's sources of financing, thus maintaining greater flexibility in the financing of the Fluidra Group's working capital.

Through this commercial paper program, the Company will be able to issue commercial paper with any maturity that falls between three (3) working days and seven hundred and thirty-one (731) calendar days from the date of issue, whenever market conditions make this advisable.
